Source: Virginia Pre-Trial Data Project. Preliminary analysis completed by VSCC staff. Percentages may not total 100 due to rounding.

¹ There were 660 defendants in the Henrico County cohort whose October 2017 contact event related to a new arrest; however, 0 defendants held with a PR or unsecured bond and 1 defendants detained with an undetermined bond type were excluded from the analysis in this table since they could not be classified reliably.

² The percentages of defendants arrested for new in-state offenses cannot be added for purposes of determining the overall public safety outcome because these defendants may have been arrested for both felony and misdemeanor offenses during the pre-trial period. The *overall percentage* of defendants arrested for a “new in-state jailable offense” is smaller than the *sum of percentages* for defendants arrested for a “new in-state jailable misdemeanor/ordinance violation” and a “new in-state felony offense.” The larger percentages account for defendants who were arrested for both a felony and misdemeanor offense during the pre-trial period; whereas, the percentage of defendants arrested for a “new in-state jailable offense” accounts for defendants who were arrested for at least one new in-state offense during the pre-trial period. The percentage of defendants arrested for a “new in-state violent felony offense (§ 17.1-805)” is a subset of the overall percentage of defendants arrested for a “new in-state felony offense.”

³ The “New In-State Jailable Non-Felony Offense” category includes jailable misdemeanors and ordinance violations.

² Per the Virginia Pretrial Risk Assessment Instrument (VPRAI) Manual definition: A defendant is counted as having a pending charge if there were one or more charges for jailable offenses pending in a criminal or traffic (not civil) court at the time of arrest. A pending charge is defined as when there is an open criminal case that carries the possibility of a period of incarceration, and the pending charge has an offense date that is before the offense date of the current charge. A charge with a disposition of “deferred” is not counted as a pending charge under this definition.

¹ The Public Safety Assessment tool was applied retroactively to create a uniform measure of risk of failure to appear and new criminal activity to be used for comparison purposes across all defendants in the cohort. Staff adhered and complied with the Public Safety Assessment Core Requirements and the Public Safety Assessment Scoring Manual when calculating proxy risk levels for FTA and NCA. The tool was not administered on any of the defendants in the cohort at the time of their October 2017 contact event. Virginia utilized a different pre-trial risk assessment tool (Virginia Pretrial Risk Assessment Instrument) at the time of the October 2017 contact events for defendants who met certain eligibility requirements.

² There were 660 defendants in the Henrico County cohort whose October 2017 contact event related to a new arrest; however, 0 defendants held with a PR or unsecured bond and 1 defendants detained with an undetermined bond type were excluded from the analysis in this table since they could not be classified reliably.

¹ Bond amounts for defendants released on unsecured bond only reflect the bond amount at the time of the defendant's release. Bond amounts do not apply to the 1 defendants who were released on a personal recognizance bond only.

² Bond amounts for defendants released on unsecured bond with PSA supervision reflect the bond amount at the time of the defendant's release. Bond amounts do not apply to the 4 defendants who were released on a personal recognizance bond with PSA supervision.

³ Bond amounts for defendants released on a secured bond only reflect the bond amount at the time of the defendant's release.

⁴ Bond amounts for defendants released on a secured bond with PSA supervision reflect the bond amount at the time of the defendant's release.

⁵ Bond amounts for defendants who were held with secured bond for the entire pre-trial period reflect the amount of bond *initially* set by the judicial officer and do not reflect any modifications to that bond amount while the defendant remained detained.

¹ There were 660 defendants in the statewide cohort whose October 2017 contact event related to a new arrest; however, 0 defendants held with a PR or unsecured bond and 1 defendants detained with an undetermined bond type were excluded from the analysis in this table since they could not be classified reliably.

² Disposition status of “dismissed” includes charges that were dismissed before or during the trial of the matter, as well as charges that were deferred and ultimately dismissed between October 1, 2017 and December 31, 2018.

³ Disposition status of “pending” includes charges without a final case disposition as of December 31, 2018, to include charges that were in deferred status.
